

FOR IMMEDIATE RELEASE

**Boundless Enterprises Announces New Scooter's Coffeehouse Location**

Omaha, Nebraska, December 17, 2010 – Boundless Enterprises, the franchisor for the Scooter's Coffeehouse franchise system, has announced a new location at 626 S Andover Road in Andover, Kansas. This is the sixth Scooter's Coffeehouse location now open in the Wichita metro area, including El Dorado, and is located in the shopping center next to Dillons Marketplace at Kellogg and Andover Road.

The new location is locally owned by Valerie and Andy Koenigs, long-time area residents who both have deep ties to the local community. In addition to over 13 years in the customer service industry, Valerie has served as a school volunteer and classroom teacher's aide while Andy works as an administrator for the Andover School District and is a member of the Andover Rotary Club. They have three children who all attend Andover schools.

The Koenigs first became interested in purchasing a specialty coffee franchise over five years ago, but had to delay those plans while Val recovered from an extremely rare disorder. Val was recently featured in a local news segment that detailed her illness and treatment. "The last few years have been a roller coaster of emotions for us, getting Val on the road to recovery, and now, owning our very own Scooter's Coffeehouse franchise," said Andy. "With a bright future ahead, we are excited to be a part of an organization that is as focused on making people as happy as we are."

The Andover location which officially opens today features both walk-in service and convenient drive-through service. In addition to Scooter's Coffeehouse specialty coffee drinks and smoothies, they will also provide pastry and dessert items.

Todd Graeve, Director of New Business Development for Boundless Enterprises added, “The Andover location is part of our planned expansion in the Kansas and Missouri region with drive-thru locations. We are pleased to welcome Andy, Val and their barista team as part of our franchise family.”
